

# RISO reaches new heights in printing standards

“ComColor™” is the result of RISO’s exciting new vision for creating full-color printing solutions that blends the concepts of “Communication” and “Color.” The RISO HC5000 has outperformed the competition to attain new heights in color ink-jet printing standards—providing an amazing **105ppm**\*1 at a cost less than **3 cents**\*2 per page.

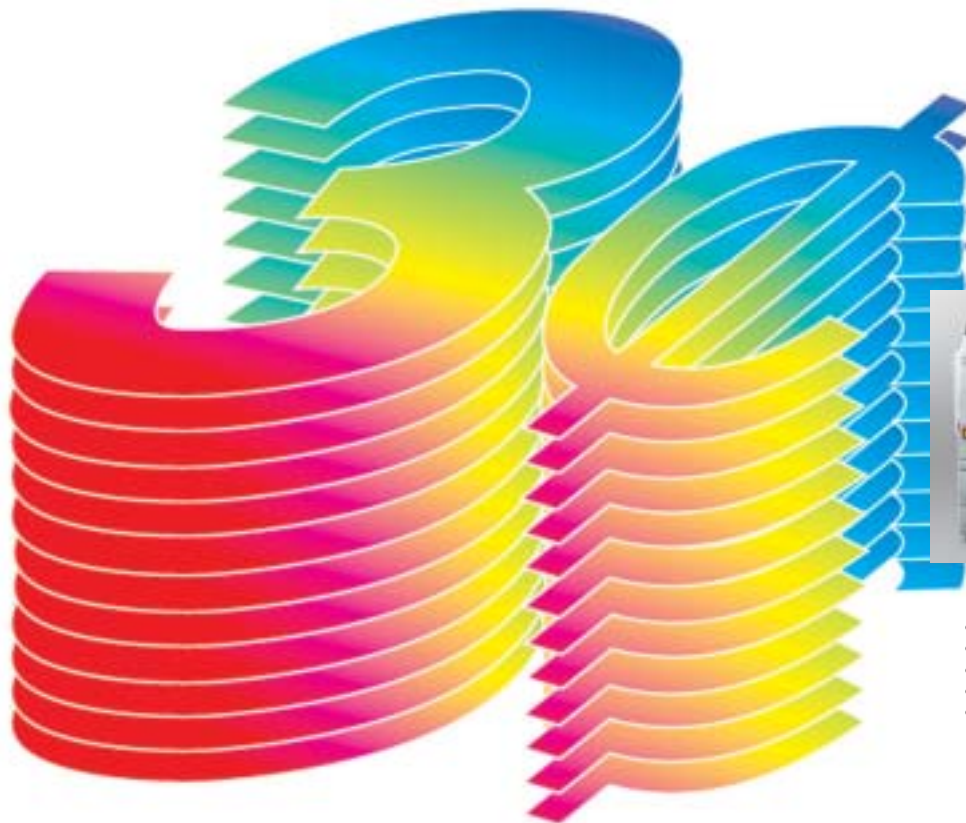

\*1: Continuous A4 horizontal printing  
\*2: Color printing of letter sheets with ink coverage on 20% or less of the page

Color Printing  
**105 ppm**

# Flying Colors!
